REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose a method and apparatus for using a rotational angular position of a coiler to control a strip path length with a moveable roll by providing a measuring transducer to measure an angular position of the coiler and send signals to an actuator for the moveable roll.

Applicant's arguments of 4-20-2004 concerning the rejection set forth in the parent application (09/930,896) are accepted and claims 1-30 are deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
